Andrea *Bonacci*

DATA ANALYST — AI ENGINEER

PROFILE

Data Analyst and AI Engineer with over 4 years of experience *in data-driven consulting for enterprise clients. End-to-end analytics pipelines, BI dashboards and NLP models — from ETL to production deployment with FastAPI and Docker. Current focus on* AI Engineering*: AI agents, agentic workflows with MCP, tool use and LLM integration in production.* Academic tutor *for university interns and responsible for* technical interviews *to hire Data Scientists and AI Engineers. I also delivered an intensive* 8-hour university course *on AI applied to coding.*

PROFESSIONAL EXPERIENCE

LINKALAB S.R.L. · CAGLIARI

Nov 2021 → present

Internal growth · 4 roles

Data Analyst & AI Engineer

Oct 2025 → present

AI Engineering focus: AI agents and agentic workflows with MCP, tool use, sub-agents and LLM integration (OpenAI, Anthropic). Claude Code, Windsurf and Gemini CLI in production. Academic tutor for university interns. Technical interviews for hiring Data Scientists and AI Engineers post-acquisition.

AI Agents · MCP · LLM Integration · Tool Use · Claude Code · Academic Tutor · Technical Hiring

Data Analyst & Data Scientist

Jul 2022 → Oct 2025

End-to-end data pipelines and BI dashboards (Power BI, QuickSight, Tableau, Looker Studio) for enterprise clients. NLP, sentiment analysis, time series. Deployment with FastAPI and Docker on AWS.

Python · SQL · Power BI · QuickSight · Tableau · NLP · FastAPI · Docker · AWS S3/Athena

Data Scientist — contract

Apr 2022 → Jun 2022

Post-internship hire. First autonomous data analysis and modeling projects for enterprise clients.

Data Scientist — curricular internship

Nov 2021 → Mar 2022

Master's thesis internship. Development of an Italian Emotion Analysis system for online reputation monitoring.

Speaker — University Course

April 2026

UNIVERSITY OF CAGLIARI

Two intensive sessions (8 hours total) on *"AI Applied to Coding"*: LLM architecture, advanced prompt engineering, agentic coding with CLI, MCP integration and custom Skills for AI agents. Hands-on workshops on agentic IDEs.

AT A GLANCE

4+ years of professional experience

12+ open source projects

DIFFERENTIATORS

AI ENGINEERING
Advanced use of LLMs, AI agents and MCP to build intelligent workflows and automate complex tasks.

UNIVERSITY SPEAKER
AI applied to coding course, University of Cagliari, April 2026 — 8 hours.

MENTORING & HIRING
Academic tutor for university interns. Leading technical interviews for post-acquisition team expansion.

SKILLS

AI & LLM
AI Agents · MCP · Prompt Eng. · OpenAI API · Anthropic API · Tool Use · Sub-agents · Hugging Face · Ollama · LLM Eval

AGENTIC CODING
Claude Code · Windsurf · Gemini CLI · OpenCode · Kiro

DATA SCIENCE
Python · SQL · NLP · Sentiment Analysis · Pandas · Time Series · Computer Vision

BUSINESS INTELLIGENCE
Power BI · QuickSight · Tableau · Looker Studio

MLOPS & CLOUD
Docker · FastAPI · AWS S3 · Athena · Flask · GitHub

LANGUAGES

AI for Coding | Prompt Engineering | LLM | MCP | University Lecture

Italian	Native
English	B2

PROJECTS & OPEN SOURCE

GITHUB.COM/ANDREABONN · 12 PUBLIC REPOSITORIES

AI & Computer Vision

Ongoing

Automatic person anonymization in video using Computer Vision models, multilingual TTS synthesis (Italian/English), and a Chrome extension for AI-powered article and PDF summaries via LLM.

Python · Computer Vision · LLM Integration · Chrome Extension

Web Apps & PWA

Ongoing

Progressive web apps for personal finance tracking, health monitoring, and roommate expense splitting — with cloud sync and offline support.

PWA · JavaScript · Cloud Sync

Developer Tools & CLI

Ongoing

Linux file manager extensions, clipboard image CLI utilities, and automated download organization — tools for daily Unix workflows.

Python · Shell · Linux · CLI

EDUCATION

Master's Degree — Data Science & Business Informatics

IOI/110

2022

University of Pisa

Thesis: Italian Emotion Analysis for online reputation monitoring

Bachelor's Degree — Business Administration

IOI/110

2018

University of Pisa
